## Sustainable Approach

Grosvenor Contracts partners with leading UK suppliers such as Panaz, Edmund Bell, and ILIV to offer a wide range of sustainable fabrics for re-upholstery. These high-performance materials include recycled, fire-retardant, antimicrobial, and stain-resistant options, ensuring both durability and environmental responsibility.

By choosing sustainable fabrics, businesses can reduce waste, lower their carbon footprint, and contribute to a circular economy, all while maintaining the highest standards of design, safety, and functionality.

## Re-upholstery Solutions

Chairs | Stools | Couches | Benches

At Grosvenor Contracts, our re-upholstery service provides a cost-effective and sustainable way to restore tired or damaged furniture, enhancing both aesthetics and durability.

We specialize in re-upholstering seating, sofas, headboards, banquettes, office chairs, and other soft furnishings across healthcare, hospitality, corporate, and residential environments.

Our expert craftsmanship, combined with a vast selection of fire-retardant, antimicrobial, and stain-resistant fabrics from leading UK suppliers, ensures that your furniture meets both safety and design standards.

Re-upholstery not only extends the lifespan of your furnishings but also supports sustainability goals by reducing waste and eliminating the need for costly replacements.
